## The Outstanding Leadership in Education Programme

The programme recognises that all people are leaders, and that developing leadership ensures that well balanced challenge and support creates impact. You will engage with evidence-informed leadership pedagogy to discover how to lead and manage individuals, classes, teams, and projects more effectively for greater impact.

This programme consists of 6 sessions, focused on developing your leadership with a series of post session challenges, completed over a term. The sessions are typically 2 hours and can be run during morning, afternoon, or twilight sessions. The programme has been designed for online, face to face or blended facilitation.

Full attendance of this programme will enable you to be comfortable in reflecting about your own strengths and weaknesses and deciding your way forward; articulate a vision that balances integrity with competence, and lead an effective team to achieve the intended outcome.
