

OLEVI The Outstanding Teaching Assistant Programme

Classroom support staff will become more reflective, confident and creative through gaining a deeper understanding of classroom pedagogy. You will develop the attributes to make a significant impact on the relationships with both pupils and colleagues.

This programme consists of 5 teaching & learning focused sessions with a series of post session challenges, completed over a term. The sessions are 3 hours each and can be run during morning or afternoon sessions. The occasional twilight session could be appropriate. The programme has been designed for online, face to face or blended facilitation.

Full attendance at this programme will enable you to lead a project to improve an aspect of teaching & learning; model effective learning processes to others; and engage in the delivery of focused internal CPD.
